CORPORATE GOVERNANCE STATEMENT

The Board of Directors of the Company ('the Board') is committed to maintaining the highest standards of Corporate Governance. Corporate Governance is about having a set of core values and behaviours that underpin the Company's activities and ensure transparency, fair dealing and protection of the interests of stakeholders.

The Board of Directors supports the Recommendations developed by the ASX Corporate Governance Council ('Council'). Whilst the Company's practices are largely consistent with the Council's guidelines, the Board considers that the implementation of some Recommendations are not appropriate having regard to the nature and scale of the Company's activities and size of the Board. The Board uses its best endeavours to ensure exceptions to the Council's guidelines do not have a negative impact on the Company and the best interests of shareholders as a whole. When the Company is not able to implement one of the Council's Recommendations the Company applies the 'if not, why not' explanation approach by applying practices in accordance with the spirit of the relevant principle.

The following discussion outlines the ASX Corporate Governance Council's eight principles and associated recommendations and the extent to which the Company complies with those recommendations.

Details of all of the Council's Recommendations can be found on the ASX website at www.asx.com.au under the Corporate Governance Section.
